As the Clairfields Neighbourhood Group is a non-profit, grassroots organization, your ad payment is considered a donation and is applied directly against printing costs and, therefore, no tax nor charitable receipt is applicable. If you would like to donate more than the stated ad rate, a charitable receipt from the City of Guelph can be issued at your request for the extra amount donated to the group. All ads are in color. Ads should be received no later than six weeks prior to publishing date. Ads are preferred in PDF format, but we will accept power point and certain other forms of media. However, we cannot guarantee quality of those formats. Please ensure that your ad is proofed and edited, as we will check for spelling, but we will not adjust your copy. There is a \$35.00 charge for ads that are not print ready.
